We also have a request to have a teleconference number since some of the water boards staff will not be able to make the trip.

While the morning would be preferable due to late afternoon/evening traffic, were ok with the afternoon slot.

Hi Pat and John,

I would like to pin the timing down on this meeting. The afternoon of March 8 works best for us here and with Pat and her staff, although EPA folks can do the morning slot. John, I don't know the various roles of State/Regional Water Board staff on this matter, so I am asking if you can clarify whether we can move the meeting to the afternoon or need to keep it in the morning. Feel free to give me a call if that would be easier. Thanks, David

David,

The original morning slot works best for us as we already have some appointments/meetings scheduled in the afternoon.

Regards.

Hi Folks,

I have a request internally to move the meeting on March 8 to the afternoon – 1-3pm. Please let me know if that will still be okay or if we need to keep it in the morning slot.

Thanks,

David

Either day is ok with me for a meeting in SF. I've copied some critical staff to make sure they can attend.

Hi Pat and John:

I wanted to reach out to you to see if we can set up a meeting to discuss the proposed Arroyo Grande aquifer exemption. We have now had a chance to review the State's submittal and we would appreciate an opportunity to discuss the package and some questions we have. We have a couple of blocks of time that would work for us next week – 10-12 noon on Tuesday March 8 or 10-12 noon on Friday March 11. An in-person discussion is preferred and we are happy to host that here in SF, if that would work for you.

We are interested in sharing some input/questions with you prior to the meeting to make the discussion as productive as possible, but I wanted to pin down the timing/logistics as soon as possible. I've limited the distribution of this email and ask that you invite others from your agencies as you deem appropriate.

Thanks,  
David
